Fantastic four bedroom corner townhouse in super position within gated complex near Paraiso Golf.

The position of this townhouse is second to none on the complex. It has a garden that is wider than most of those inside the gated area and is very private being at the end of the row. Inside the house, this select position grants much more interior light in both the living room and kitchen than in other similar properties. In addition, the house is situated near to a side pedestrian gate meaning that guests can park in the spaces provided outside the gates, and access the house very quickly and easily. There is also a private driveway and it is possible to park two cars outside the house.
