Beautiful double townhouse (218 sqm & 150 sqm) that can be used as one house with 5 bedrooms/4 bath or separately. The property is located in the nice and quiet urbanisation with green surroundings. The living rooms are attached with doors, but the wall could be closed again and make it 2 separate houses, one with 3 beds/2 bath and the other one with 2 beds/2 bath. The corner house has a garage included, that could fit 2 cars. The other house has a storage room, which could be easily made into a gym or playroom. The kitchen of one of the houses is now in use as an office, but can easily be transformed into a kitchen again or maybe even a small extra bedroom. Both houses have got a roof terrace with amazing views and seaview. There is a big sunny garden next to both houses with a lot of privacy. And a community pool and community garden just a few steps away from the house. The house comes with the furniture and is ready to move in.
