First Time on the Market: Imposing Traditional Villa in Los Monteros Steps from the Beach With a privileged location in the sought-after residential area of Los Monteros in east Marbella, an exclusive neighborhood with elegant villas and 24-hour security, this imposing property with an extensive mature garden and surrounded by majestic trees, attracts attention at first sight for that old world charm that few properties preserve. With a solid construction and immense spaces, it impresses as soon as you enter with unrepeatabe details such as the hand-painted and placed Portuguese tiles and the terrazzo floors characteristic of the Andalusian style. The property sits on two joined plots that comprise a total of more than 2.000 square meters with a house of more than 600 square meters and 125 meters of terrace and porches. It currently has 6 bedrooms, 4 bathrooms and a guest toilet, a huge living room, a formal dining room, staff quarters, etc., as well as a subsequently built attic space with an additional 100 square meters that can be used for a variety of uses. An intelligent renovation to modernize and make the most of these
