and a functional design that maximizes space. The property has been built to high quality standards and is practically brand new, with features such as smart lighting and pre-installation for air conditioning and radiant floor heating in the bathrooms.

Furthermore, the property boasts a private garden of around 124 m², with ample space to build a custom-designed swimming pool if desired.

The property includes parking for two vehicles and a storage room, providing added convenience for daily life. The gated community is also expected to be completed soon, which will increase both security and the overall value of the property.

In terms of location, it's just a few minutes' drive from the area's beaches, as well as the lively Puerto de La Duquesa, with its wide range of restaurants and entertainment options.
