VILLA GUADALMINA BAJA – Under construction

Exclusive Luxury Villa Under Construction in Guadalmina Baja – Rare Opportunity

A rare chance to secure a brand-new contemporary villa in Guadalmina Baja, one of the most prestigious and tightly held locations on the Costa del Sol—where opportunities like this are extremely limited.

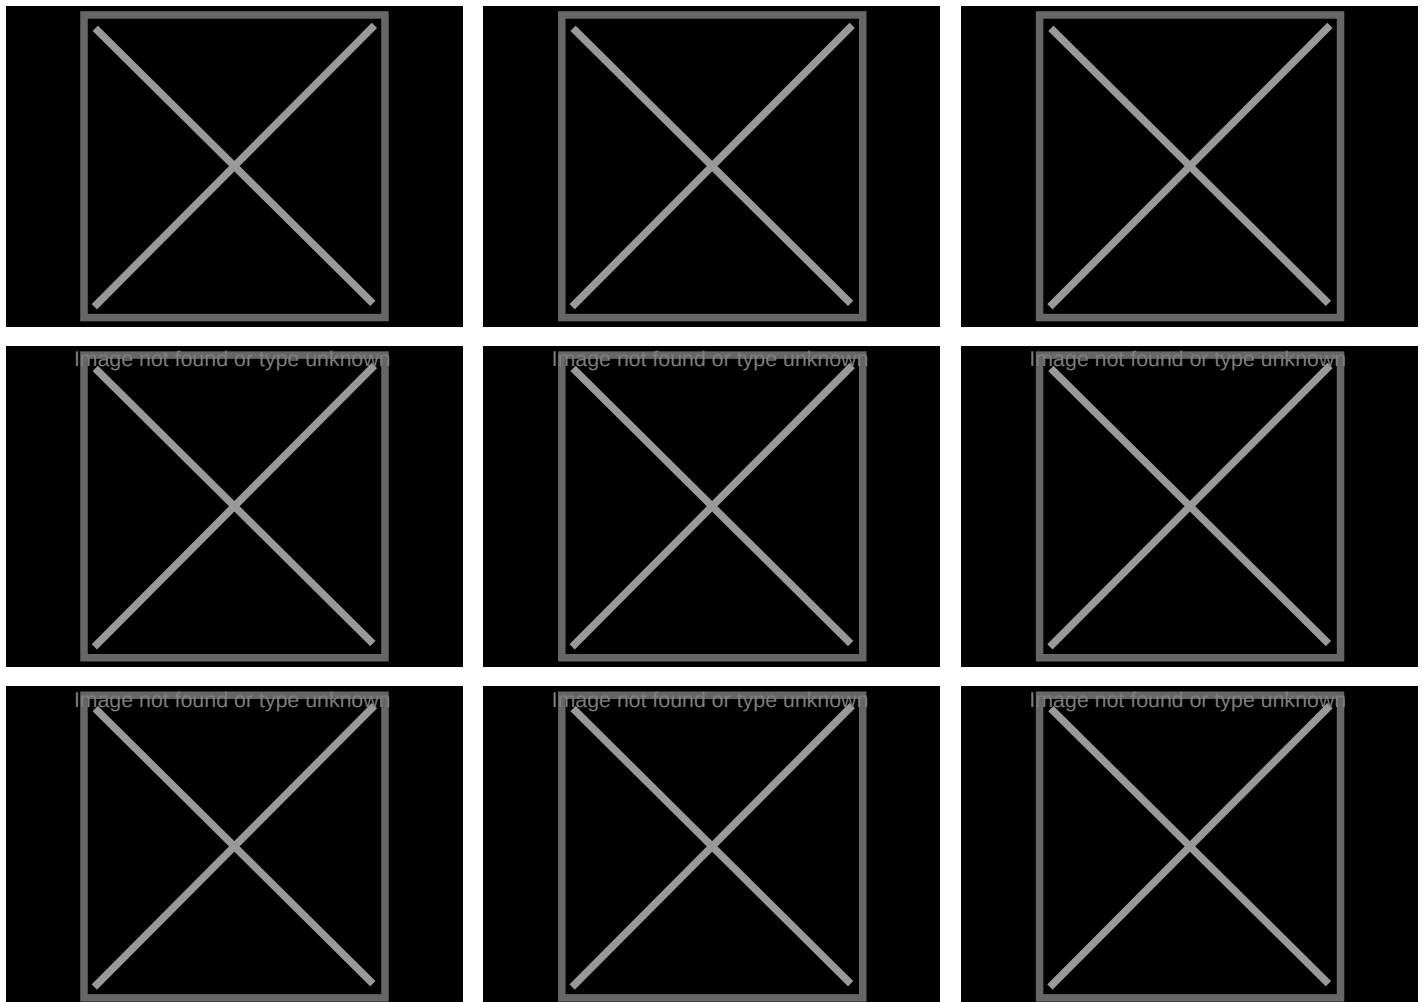

Set on an exceptional 2,682 m² plot, this future residence will offer 6 en-suite bedrooms, expansive open-plan living spaces, designer kitchen, and a versatile basement ideal for a private spa, gym, or cinema.

Floor-to-ceiling windows, premium materials, and elegant contemporary architecture define a home designed for modern luxury living.

The outdoor areas will feature landscaped gardens, generous terraces, and a private swimming pool—creating a private oasis just moments from the beach.

Key advantage: the property is still under construction, allowing you to personalize finishes and secure immediate value before completion.

Properties in Guadalmina Baja rarely become available—especially new builds of this scale and quality.
